The formation of Pak Dola Kadis is highly compatible with the needs of the public and counter who do not have employment or income. There is a level of complexity, which includes difficulties in providing basic delivery material guidance, transportation difficulties, and the mileage. Some members of the public may also have limited understanding of the conditions of counter with disabilities. The trialability, indirectly conducted by Disdukcapil at the beginning of employment, has proven to be effective. The innovation is easily observable in its implementation by both Disdukcapil and the public general. Supportive factors for the innovation include the equipment provided to counters, motivation from Disdukcapil, and the support from the Central Government and the public. On the other hand, inhibiting factors for the innovation include the condition of three wheeled motorcycles, which are prone to more frequent breakdowns, and difficulties in navigating through poorly maintained roads.
<b>INTRODUCTION</b> Kesempatan pekerjaan bagi penyandang disabilitas di Kota Samarinda masih merupakan isu signifikan. Kesempatan kerja seringkali tidak sesuai dengan persyaratan mereka, terutama bagi penyandang disabilitas usia produktif. Ini mengakibatkan kesulitan dalam mencari pekerjaan, yang mengarah pada ketergantungan mereka menjadi pengemis atau pengamen untuk memenuhi kebutuhan sehari-hari. Oleh karena itu, perlu perhatian khusus	dari pemerintah daerah dalam mengatasi masalah kesejahteraan sosial ini, dengan tujuan memberdayakan penyandang disabilitas agar mereka dapat mendapatkan pekerjaan secara mandiri atau setidaknya dapat mengembangkan kemampuan mereka sendiri. Pemberian hak untuk bekerja bagi penyandang disabilitas diatur dalam Undang-Undang Nomor 8 Tahun 2016 Pasal 5 Ayat 1 tentang pemenuhan hak penyandang disabilitas yang berbunyi "Pemenuhan hak penyandang
