ARTICLE INFORMATION	ABSTRACT
Vol. XX, No. XX Page : ... Published : ...	This type of research conducted with descriptive qualitative. The results showed that efforts to improve management in order to obtain accreditation at the Karangany Health Center were quite good. Planning, namely holding monthly meetings to discuss targets that must be achieved from the planned program by completing facilities, infrastructure, medical devices, increasing knowledge for officers and employees by providing self-assessment training material. The mobilization of the puskesmas has been going well, with efforts to prepare SOPs and provide good services. The head of the Puskesmas guarantees the improvement of service quality in terms of performance improvement and the application of risk management which is carried out continuously through an accreditation mechanism. Improving the quality of puskesmas services has reached the target seen from the implementation of the tasks divided by the Head of the Puskesmas to officers and employees of the Karangany Health Center. The head of the Karangany Health Center's supervision of management improvements has been going well, by sending performance reports and program achievements for officers. Control of the Head of the Puskesmas in overcoming community demands for improving the quality of health services through Facebook social media.

INTRODUCTION
Pembangunan kesehatan merupakan aspek penting dalam mewujudkan pembangunan sosial. Melalui Rapat Kerja Kesehatan Nasional (RAKERKESNAS) tersebut timbul gagasan untuk menyatukan semua pelayanan kesehatan tingkat pertama ke dalam suatu organisasi yang dipercaya dan diberi nama Pusat Kesehatan Masyarakat (PUSKESMAS). Puskesmas memegang peranan yang sangat penting dalam penyelenggaraan pelayanan kesehatan di Indonesia. Pelayanan kesehatan diselenggarakan oleh Puskesmas untuk mengembangkan perilaku sehat bagi individu, keluarga, kelompok dan masyarakat, seperti kesadaran, keinginan dan kemampuan untuk hidup sehat dan mendapatkan pelayanan kesehatan, hidup dalam lingkungan yang sehat
