Sumber Subur Sejati (SSS) on the Socio-Economic Conditions of the Bukuan Village Community, Palaran District, under the guidance of Mr. Mohammad Taufik. The purpose of this study was to find out and analyze the implications of the existence of PT Sumber Subur Sejati (SSS) in Bukuan Village and to know and identify what are the factors that support and hinder the implications of the existence of PT Sumber Subur Sejati (SSS) in Bukuan Village. This research is included in the type of qualitative descriptive research. Descriptive research is to get a clearer picture of the phenomena that occur in relation to the problem under study. The research instrument is the researcher himself, and at the same time acts as a data collection tool. The data analysis technique used is the Interactive Model Of Analysis, which includes data condensation, data presentation and conclusion (verification) activities. The results showed that the existence of PT. Sumber Subur Sejati (SSS) has implications for changes in socio-economic conditions in the Bukuan Village community, Palaran District, such as opening up job opportunities, but on the other hand, it has an impact on decreasing income for farmers as a result of company activities. Besides this, the existence of PT. Sumber Subur Sejati (SSS) contributed to changes in business opportunities where there was a decline in terms of business opportunities. The supporting factors for the existence of PT. Sumber Subur Sejati (SSS) has implications for changes in socio-economic conditions in the Bukuan Village community, Palaran District, such as the opening of job opportunities for the local community, the existence of training and skills development programs for the community provided by companies and the existence of companies that can stimulate the growth of other economic sectors in the vicinity. While the inhibiting factors include the impact on environmental change, the creation of social inequality and the erosion of community cultural values and local heritage, so that they are traditional towards land and natural resources. Keywords: Social Conditions, Community Economy.
