This research uses quantitative approach methods. The subjects of this study were 91 environmental activists of Mulawarman University's students who were selected as respondents using saturation sampling technique and non-probability sampling approach. The data in this study was collected using academic procrastination, organizational commitment, and self-regulation scale. The collected data are later analysed using multiple linear analysis. The results of this study indicate that there is no effect of organizational commitment and self-regulation on academic procrastination towards environmental activists of Mulawarman University's students. Thus, based on the results of a single regression test, it is known that there is no effect of organizational commitment on academic procrastination, and there is no effect of self-regulation on academic procrastination.

**ABSTRAK** Kata Kunci  
 Penelitian ini bertujuan untuk mengetahui pengaruh komitmen organisasi dan regulasi diri terhadap prokrastinasi akademik mahasiswa aktif pecinta alam Universitas Mulawarman. Penelitian ini menggunakan pendekatan kuantitatif. Subjek penelitian ini merupakan 91 mahasiswa aktif pecinta alam yang tersebar di Universitas Mulawarman yang dipilih berdasarkan teknik sampel jenuh dengan rancangan non-probability sampling. Metode pengumpulan data yang digunakan adalah skala prokrastinasi akademik, skala komitmen organisasi, dan skala regulasi diri. Data yang terkumpul dianalisis menggunakan analisis regresi linear berganda. Hasil penelitian menunjukkan tidak terdapat pengaruh komitmen organisasi dan regulasi diri terhadap prokrastinasi akademik. Kemudian, berdasarkan hasil uji regresi sederhana diketahui tidak terdapat pengaruh komitmen organisasi terhadap prokrastinasi akademik, serta tidak terdapat pengaruh regulasi diri terhadap prokrastinasi akademik.
