Kharis Deswanti, Badak Baru, Muara Badak District, Kutai Kartanegara Regency, East Kalimantan, zip code 75822. This type of qualitative descriptive research. Data analysis techniques use interactive models. Interactive model Miles, Huberman & Saldaña (2014).
Peran Kepala Desa Dalam Memberikan Pelayanan Publik Di Kantor Desa Badak Baru Kabupaten Kutai Kartanegara CORRESPONDENCE Phone: +6285753479381 E-mail:	The results showed that the Government of Kutai Kartanegara Regency had implemented a public service policy at the Badak Baru Village Office, Kutai Kartanegara Regency, but in implementing the delegation of public services there were supporting and inhibiting factors in public services at the Badak Baru village office. This can be seen from the capacity of the Badak Baru village office with reference to its regional spatial planning so that integration is realized, this is the main supporting element to supporting the creation of the development of Kutai Kartanegara Regency. The availability of infrastructure will affect people's welfare in terms of regional economic equity, especially in Badak Baru village, Muara Badak sub-district, level of education, health and regional competitiveness, especially in the continuity of the movement of goods and services as well as across between regions. In addition, the availability of infrastructure is a catalyst for achieving development in other fields, compiling data and information in order to identify community needs
