ARTICLE INFORMATION	ABSTRACT
Vol. xx, No. xx	This research will focus on examining the Samarinda City Government's efforts to realize good governance through the Samarinda Senter application as a whole in accordance with the mandate of financial reform, namely implementing good governance through the main indicators, namely accountability, transparency and efficiency. Good Governance is a form of government system where the road conditions can run cleanly, efficiently, openly and can fulfil everything that society needs. Governance is the inclusion, practice, procedure of government for managing resources and solving public problems. The implementation of Good Governance in Indonesia began with the emergence of Law of the Republic of Indonesia Number 32 of 2004 concerning Regional Government Article 20 Paragraph 1 and was strengthened by Law of the Republic of Indonesia Number 14 of 2008 concerning Openness of Public Information so that the public can receive open public information regarding the administration of the State, everything that has an impact on the public interest, including with maladministration in society the Samarinda City government is trying to realize Good Governance through the Samarinda Senter Application. The Samarinda City government's efforts to realize good governance through the Samarinda Senter application have three indicators used in its realization, namely accountability, transparency and efficiency.

INTRODUCTION	
<p>Jelajah e-government digunakan sebagai sebuah inisiasi untuk mengoptimalkan pelayanan publik berbasis digital guna memangkas alur birokrasi yang rumit. Munculnya e-government merupakan bagian dari upaya perwujudan tata kelola pemerintahan yang baik (Polanatu &amp; Khairurrijal, 2021). Menurut Polanatu &amp; Khairurrijal, digitalisasi pelayanan publik melalui e-government akan memudahkan transparansi dan efisiensi sistem pemerintahan. Terlebih, masyarakat dapat mengakses langsung layanan administratif yang mereka butuhkan.</p> <p>Seperti yang dikatakan oleh Bagir Manan,</p>	<p>menyatakan bahwa sangat wajar apabila tuntutan penyelenggaraan pemerintahan yang baik, terutama dipertanyakan pada pembaharuan administrasi negara dan penegakan hukum yang selalu penting untuk diperhatikan (Manan 2016:446). Hal ini dikarenakan jika sistem administrasinya negara rusak maka sistem hukum dan yang lainnya akan ikut rusak dan cita-cita akan terwujudnya lingkungan pemerintahan yang baik akan susah terrealisasi.</p> <p>Salah satu penyebab utama transformasi menuju good governance ialah maraknya praktik korupsi, kolusi, dan nepotisme (KKN) pada penyelenggaraan pemerintahan tradisional</p>
