**ABSTRACT:**  
 The increasing number of juvenile delinquency cases from 2019 to 2022 in Bontang Tengah Subdistrict leads to the additional strategy requiring participation and cooperation from various parties, one of which is the FKPM (FKPM is a forum where the police and the community can interact and communicate regarding social issues arising in their environment, particularly issues of juvenile and order, such as juvenile delinquency. According to the Regulation of the National Police of the Republic of Indonesia Number 1 of 2013 concerning Community Policing, FKPM has three roles, one of which is as an information provider. If this role is carried out properly by FKPM in Bontang Tengah Subdistrict, juvenile delinquency in Bontang Tengah should decrease. But the opposite has occurred. This article discusses the role of FKPM as an information provider in Bontang Tengah Subdistrict. In-depth interviews were conducted with 8 informants consisting of the FKPM secretary, FKPM activities members, 3 active FKPM members, the community police officer of Bontang Tengah Subdistrict, the head of police center of Bontang Tengah Subdistrict, and the head of Bontang Tengah Subdistrict. The results show that FKPM in Bontang Tengah Subdistrict has not been optimal in carrying out its role as an information provider. This is due to the lack of direct guidance from the police chief, and information on juvenile delinquency is rarely conveyed when in the field sector.

**ABSTRAK:**  
 Meningkatnya jumlah kasus delinkuensi remaja dari tahun 2019 - 2022 di Kelurahan Bontang Tengah basis sebagai strategi tambahan yang diperlukan adalah partisipasi dan kerjasama dari berbagai pihak, salah satu yang salah FKPM (FKPM adalah suatu forum di mana polisi dan masyarakat dapat berinteraksi dan berkomunikasi mengenai isu-isu sosial yang timbul di lingkungan mereka, terutama masalah lingkungan dan ketertiban, seperti kenakalan remaja. Dalam Peraturan Kepolisian Negara Republik Indonesia Nomor 1 Tahun 2013 Tentang Policing Masyarakat disebutkan bahwa FKPM memiliki tiga peran, salah satunya yaitu sebagai penyampai informasi. Apabila peran tersebut dilakukan oleh FKPM Kelurahan Bontang Tengah secara optimal, delinkuensi remaja di Kelurahan Bontang Tengah seharusnya mengalami penurunan. Namun yang terjadi justru sebaliknya, delinkuensi remaja di Bontang Tengah sebagai penyampai informasi di Kelurahan Bontang Tengah. Manicorone mendiskusikan alasan mengapa hal ini terjadi yang terlihat dari wawancara FKPM, yaitu kegiatan FKPM, 3 anggota aktif FKPM, dan ketua FKPM Kelurahan Bontang Tengah. Hasilnya menunjukkan bahwa FKPM Kelurahan Bontang Tengah belum optimal dalam menjalankan peran sebagai penyampai informasi. Hal ini disebabkan oleh kurangnya arahan langsung dari Kepala Kepolisian, dan informasi mengenai delinkuensi remaja jarang disampaikan ketika terjadi di lapangan.
